PROFESSIONAL EXPERIENCE

Moraine Valley Community College

IT & Multimedia Services Assistant

Palos Hills, IL

September 2025 – Present

- Provide technical support for IT and multimedia systems, troubleshooting hardware, software and network issues.
- Manage and maintain campus technology resources, including computers, projectors, AV systems, and classroom technology.
- Assist faculty, staff, and students with IT requests, delivering clear solutions and improving user experience.

The Spot for Fits & Kicks

E-Commerce Associate

Bedford Park IL

Sep 2024 – Jun 2025

- Maintained and updated company inventory data using Excel/Spreadsheet, ensuring records were accurate and up-to-date across systems.
- Utilized e-commerce platforms like Channel Advisor (Rithum) to manage product listings, shipping labels, ensuring accurate stock levels and timely restocking.
- Managed return requests with precision, verifying item conditions and processing refunds or replacements in a timely manner.

Baron Mardon Inc

Quality Control Specialist

Remote Job

Sep 2022 – May 2024

- Managed dispatch operations, ensuring timely communication with drivers to coordinate shipments and address quality concerns.
- Worked closely with brokers to resolve any issues related to shipment quality, ensuring compliance with industry standards and customer expectations.
- Ensured the accuracy and quality of shipments by inspecting freight, verifying documentation.

CERTIFICATES & PROJECTS

Google Data Analytics Certificate

Credential ID - [ZAHETPJQIL8A](#)

May 2025 – Aug 2025

- Learn key analytical skills (data cleaning, analysis, & visualization) and tools (spreadsheets, SQL, R programming, Tableau).
- Gain an immersive understanding of the practices and processes used by a junior or associate data analyst in their day-to-day job

Physical Chess AI move assistant

[GitHub Link](#) - 2 contributors

May 2025 – June 2025

A Python-based interactive chess game where players can make moves on a built-in virtual chessboard. As you play, the system analyzes the current board position in real time and suggests the best move using the Stockfish chess engine. The game updates both the player's and AI's move simultaneously once the user inputs the move.

Personal Portfolio Website

[Website Link](#)

April 2025 – May 2025

- Developed a responsive personal portfolio website to showcase my experience, resume and contact information.
- Integrated interactive features such as smooth scrolling, animated transitions, and a mobile-friendly navigation menu.
